

POLICY: ABILITY TO PAY

It is the policy of DOSC to provide services to patients regardless of the patient's ability to pay, but within the financial capability of the Facility. Healthcare delivery will be consistent with each patient's needs and with respect for each patient's dignity.

All efforts will be made to make arrangements that provide a feasible payment structure that does not place undue financial hardship on the patient, but does provide the patient the dignity of assuming the responsibility for his own care.
